Dear Dr. Carmody:

In response to your request of October 3, 2016, I am providing a supplemental response to the 2015-16 Grand Jury Report entitled, "Sheriff's Temporary Detention/Holding Areas, Patrol Areas and Special Services. Timeframes for the implementation of Recommendation Three and Recommendation Five. Please see the revised responses:

R.3 *The Orange County Sheriff should make best efforts to coordinate with the Court Facilities Manager by January 2017 to develop a plan to replace existing industrial/office grade partitions at the courthouse entrances and screening stations with ballistic partitions. (F2)*

Response: *The recommendation has not been implemented but is expected to be by March 2018.* The Orange County Sheriff's Department and Court Facilities Manager have been and are currently scheduling vendors to conduct job site visitations to enable them to create a design to accommodate the each existing courthouse unique floor plan. The design and selection of ballistic barriers are of paramount importance for the protection of staff and visitors at each of the Justice Center's screening areas. The completion of this project will be dependent on funding provided by the Judicial Council of California. Each Justice Center is the property of the State of California.

R.5 *The Orange County Sheriff should make best efforts to coordinate with the Court Facilities Manager by January 2017 to plan for funding, procurement and installation of solid roll up doors at the inmate vehicle entrance to the Harbor Justice Center.*

Responses: *The recommendation has not been implemented but is expected by March 2018.* The Court Facilities Manager is currently seeking cost estimates for the Harbor Justice Center inmate vehicle entrance privacy roll up gate. The completion of this project will be dependent

on funding provided by the Judicial Council of California. Each Justice Center is the property of the State of California.
