Subject: Response to Status Inquiry Regarding Grand Jury Report, "Is Orange County Ready for Zika? It Takes a Village to Handle Mosquito-Borne Viruses"

Dear Judge Margines:

This letter is in response to the November 6, 2017 letter from Mr. Bob Niccum addressed to Chairwoman Michelle Steel of the Orange County Board of Supervisors. The letter requested an update on Recommendation 5 of the aforementioned Grand Jury Report. Below is the update.

The County's understanding is that the Orange County Mosquito and Vector Control District (OCMVCD) has begun its efforts on analyzing storm drains in the county. In so doing, OCMVCD has reached out to the County's Geographic Information Systems (GIS) for information. That connection was made on November 9, 2017. Any additional questions about this effort should be directed to OCMVCD.

If you have any questions, please contact Lilly Simmering of the County Executive Office at 714-834-6748.

Sincerely,

Frank Kim  
County Executive Officer
