Subject: Follow-up Response to Orange County Grand Jury 2015-2016 report, "Sheriff's Temporary Detention/Holding Areas, Patrol Areas and Special Services."

Dear Judge Margines:

On October 20, 2016 the Orange County Sheriff's Department provided a follow-up response to the 2015-16 Grand Jury report entitled "Sheriff's Temporary Detention/Holding Areas, Patrol Areas and Special Services." Recommendation R.3 of the report states:

*The Orange County Sheriff should make best efforts to coordinate with the Court Facilities Manger by January 2017 to develop a plan to replace existing industrial/office grade partitions at the courthouse entrances and screening stations with ballistic partitions.*

The Sheriff's Department response indicated that this recommendation would be implemented as funding became available. This letter is to inform you that the ballistic partitions have been installed. Please see the attached photograph which shows the completed work.

Sincerely,

A handwritten signature in blue ink, appearing to read "JH", is written over the word "Sincerely,".
